EDARA KARTHIK

Software Engineer
Hyderabad, Telangana, India
+91 8341215644 | edarakarthik69@gmail.com
Portfolio: https://edaraka.github.io/portfoliowebsite

PROFESSIONAL SUMMARY

Motivated Software Engineer with a Bachelor's degree in Computer Science and Engineering and hands-on experience through internship and academic projects. Skilled in Java, Spring Boot, REST APIs, MySQL, Object-Oriented Programming, and Software Engineering principles. Strong understanding of Data Structures & Algorithms, DBMS, and Agile development practices. Passionate about building scalable software solutions, solving complex problems, and continuously learning new technologies.

SKILLS MATRIX

Programming Languages: Java, Python, SQL, JavaScript
Java Technologies: Core Java, Collections Framework, Java 8 Features (Streams, Lambda Expressions), JDBC
Frameworks & Technologies: Spring Boot, Hibernate, JPA, REST APIs
Databases: MySQL, Oracle
Core Computer Science: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Web Technologies: HTML, CSS, JavaScript
Tools: Git, GitHub, Maven, Jenkins, Eclipse, STS
Methodologies: Agile Scrum, SDLC

INTERNSHIP EXPERIENCE

Java Developer Intern | SRI Technologies, Hyderabad

- Assisted in the development and maintenance of Java-based applications.
- Worked with Spring Boot and MySQL for backend development.
- Developed and tested REST APIs.
- Wrote SQL queries for data validation and database operations.
- Participated in debugging, testing, and Agile development activities.
- Participated in requirement analysis and code reviews.
- Assisted in troubleshooting and resolving application defects.
- Worked with Git for version control and collaboration.
- Collaborated with senior developers to understand software engineering best practices.

PROJECTS

E-Commerce Management System (Java, Spring Boot, Hibernate, JPA, MySQL, REST APIs)

• Developed a full-stack e-commerce application to manage products, customers, orders, and shopping cart functionality.
• Designed and implemented RESTful APIs for user registration, product management, order processing, and order tracking.
• Integrated MySQL database using Hibernate and JPA.
• Implemented authentication and authorization features for secure access.
• Applied layered architecture using Controller, Service, and Repository patterns.
• Developed validation and exception handling mechanisms.
• Optimized database interactions and improved application performance.

Banking Management System (Java, Spring Boot, Thymeleaf, MySQL)

• Developed a banking application for account management, fund transfers, and transaction tracking.
• Built customer registration and account management modules.
• Designed responsive web pages using Thymeleaf, HTML, and CSS.
• Integrated Spring Boot backend services with MySQL database.
• Implemented business validations and secure transaction processing.
• Followed object-oriented design principles and reusable code practices.
• Performed testing and debugging to improve application stability.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science and Engineering
QIS Institute of Technology, Ongole
CGPA: 7.3/10 | Year of Graduation: 2023

STRENGTHS

Problem Solving
Analytical Thinking
Quick Learning Ability
Team Collaboration
Adaptability
Effective Communication
Time Management

PERSONAL DETAILS

Location: Hyderabad, Telangana
Languages Known: English, Telugu
Nationality: Indian

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief. I take full responsibility for the accuracy of the details mentioned in this resume.

Place: Hyderabad
